About The American Indian Chamber of Commerce of California

The primary goal of the American Indian Chamber of Commerce of California is to provide opportunities for networking and support of American Indian business people in California. We have active Chapters in three regions presently- Southern California; San Diego County and the Northern California. The Chamber's activities include providing:

- a mentor environment for those individuals beginning new endeavors
- a vehicle for education
- an opportunity for networking
- a conduit for growth opportunities among American Indian business people

Our goals are primarily met through monthly meetings and special events. Our monthly meetings provide an educational forum for members to receive: educational information from expert presenters; an opportunity share ideas and discuss business experiences; an opportunity to remain connected with issues confronting American Indian business; and an organized body in which to participate in the solutions to the issues.

The Chamber usually holds four special events each year:

- A Recognition luncheon in June held at the Southwest Museum in Los Angeles; which includes a delicious Navajo Taco meal, traditional entertainment, recognition of our first half of the year monthly meeting speakers and of course, networking opportunities
- Our Native American Heritage Month Luncheon held in November. This event commemorates our month with a more formal luncheon banquet and includes the presentation of our Annual Warrior Awards presented each year to one deserving American Indian individual and Corporate supporter as an honor for their work on behalf of American Indian business. The Chamber also presents our Annual College Scholarships here.
- An annual Expo and Golf Tourney where our corporate/government/municipal partners, tribes and American Indian businesses gather for educational workshops, a trade fair, interactive roundtable and golf tourney.
- And, our Annual Holiday events held usually where Chamber members and supporters have an opportunity to network and reflect on the year. A food and toy drive benefiting local American Indian community organizations and our student scholarship fundraising raffle add to the event.

The Chamber communicates with our membership through:

- Periodic newsletters
- Electronic email announcements
- Our website
- An Annual Yearbook with Directory of Businesses
